Congressional Progressive Caucus Unveils New Legislative Agenda to Deliver Equality, Justice, and Economic Security for Working People

April 18, 2024

WASHINGTON — The Congressional Progressive Caucus released its [Progressive Proposition Agenda](#), a vision for Congress to meet everyday Americans' urgent needs and rebuild the American dream for the poor, working, and middle class.

The [document](#) presents a comprehensive domestic policy legislative agenda that includes proactive, top-priority policies that lift up poor and working people. Endorsed by Caucus members and numerous progressive movement groups, the agenda focuses on raising wages and lowering costs; correcting the inequality in our economic, education, political systems; continuing progress on the climate crisis; and protecting and expanding Americans' rights and freedoms.

The policies are organized into seven areas of focus: lowering the cost of living, boosting wages and worker power, advancing justice, protecting our planet and people, making our democracy work, breaking corporations' hold on our economy, and providing world-class public education. It includes legislative policy proposals that Democrats can pass with congressional majorities that will deliver immediate,
